# Wedding Day & Wedding Day Pro

This ever-popular wedding package is specially designed for your big day with the set-up all in white and includes hire throughout the day at your venue.

This may not necessarily mean that everything is set-up early, if due to space limitations, only using the PA system during the wedding breakfast may be best.

## **WEDDING DAY - £650**

Includes:-

- Early set-up with Wedding Breakfast background music
- Professional 5ft white star-cloth DJ booth
- Handheld wireless microphone kit for speeches
- Essential announcements such as Cake cutting, First Dance, Buffet etc.
- Up to 5 hours of DJ performance for the evening reception
- Stereo powered speakers and subwoofer system in white
- Controlled custom lighting system (4 units)
- 4x Vertical tri-colour LED lighting battens
- 8x LED up-lighting units around the room set to a colour of your choice for the evening
- Haze machine (subject to terms of venue)
- Your music preferences and your 'Don't you dare' list
- Song request cards given to guests in the evening
- Professional DJ/host with you for the duration of your big day
- Professional Pioneer DJ system with a database of 80,000+ songs available
- Delivery, set-up and removal inclusive (not part of performance time booked)

## **WEDDING DAY PRO - £850** All the inclusions of the Wedding Day package, plus:-

- Small Sound System for the ceremony music (at the venue)
- DJ onsite to play the ceremony music for you
- Small Sound System for background music during the drinks reception and photos (can be set-up outside, weather permitting)
- Professional 6ft white star-cloth DJ booth
- 2x Up-lit vertical columns (Plinths) instead of LED battens

# *The VIP Show*

A 'full-range' VIP set-up with emphasis on amazing styling and a spectacular lighting show, giving you the maximum effect from both sound and lighting. It is an ultimate experience for those truly looking to have something to 'Wow' their guests!

From **£1000** (Up to 5 hours following set-up)

The VIP Show Includes:-

- 3K Stereo powered loud speakers and subwoofers system
- Professional black-star cloth DJ booth
- Controlled custom lighting system (6 units)
- 2x Additional lighting units over-head to give full coverage of the room.
- 4x Up-lit vertical columns (Plinths)
- 6x Vertical tri-colour LED lighting battens.
- 8x LED up-lighting units set to a colour of your choice around the room
- Haze machine (subject to terms of venue)
- Wireless microphone kit.
- Essential announcements for the event
- Your music preferences and your 'Don't you dare' list
- Professional DJ/host for the duration of your booking
- Professional Pioneer DJ system with a database of 90,000+ songs available
- Delivery, set-up and removal inclusive (not part of performance time booked)

*\*Please note that a minimum of 90 minutes is required for setting up and again for packing down at the end of the event.*

# Classic & Classic Pro

**CLASSIC** - This very popular 'all-rounder' is a modern set-up, updated with the latest technological trend and is ideal for covering various events. Using high quality sound & lighting that looks and sounds great to compliment your event.

From **£450** set-up in black or white (Up to 5 hours following set-up)

Classic Includes:-

- Stereo powered loud speaker system
- Professional black or white star-cloth DJ booth and equipment
- Controlled custom lighting system (4 units)
- 2x Vertical tri-colour LED lighting battens
- 4x LED up-lighting units set to a colour of your choice
- Haze machine (subject to terms of venue)
- Handheld microphone (for DJ use only)
- Essential announcements for the event
- Your music preferences and your 'Don't you dare' list
- Professional DJ/host for the duration of your booking
- Professional Pioneer DJ system with a database of 90,000+ songs available
- Delivery, set-up and removal inclusive (not part of performance time booked)

**CLASSIC PRO** - A great enhancement of the Classic package. Using a larger DJ booth, a sound system with more power, and some additional lighting effects to produce a smart looking and superb sounding set-up.

From **£550** set-up in black or white (Up to 5 hours following set-up)

All the inclusions of the Classic package, plus:-

- Enhanced active sound system
- 2x Up-lit vertical columns (Plinths)

# Essential

Providing the essential DJ elements for any party, with sound and lighting that will help create your party atmosphere.

This simple package with a modern style is ideal for those looking to book a modest and straight-forward party DJ.

Just **£375** (Up to 5 hours following set-up)

Includes:-

- Stereo powered loud speakers
- Professional DJ booth
- Overhead Lighting system
- Haze machine (subject to terms of venue)
- Handheld microphone (for DJ use only)
- Essential announcements for the event
- Your music preferences and your 'Don't you dare' list
- Professional DJ/host for the duration of your booking
- Professional Pioneer DJ system with a database of 90,000+ songs available
- Delivery, set-up and removal inclusive (not part of performance time booked)

# Up-Lighting

(also known as 'mood lighting')

These fantastic lights are simply the greatest way to enhance any room, creating the perfect atmosphere, and completing that 'WOW' factor for your event. Having coloured lighting around the room, really helps to enhance the ambience of the space and create the positively perfect setting.

You choose the colour(s) you would like, one specific colour or they can be placed in alternative colours around the room, or even different areas on different colours. The choice is yours, and whatever you choose, it will look amazing!!

This enhancement can be part of your event by simply adding these to your DJ booking, **from just £50.**
